1. Introduction

The Lydd International Kart Club (LIKC) recognises that social media is an important tool for all club members to engage with each other and the club.

LIKC encourages club members to use social media and other channels to promote themselves, the club, the clubs events and the sport.

LIKC provides a service to all members by actively utilising a website to promote its work and activities.

The organisation is committed to providing a safe, fair and fun online space for LIKC members. This includes safeguarding the welfare of young people who engage with the organisation on any social media and websites used by LIKC

LIKC recognises that this policy can be continuously developed and will review this document again by 31st December 2025 or after the outcome of any serious issue or incident as a result of the use of social media sites by the LIKC community.

To complement this policy, Motorsport UK has produced a Social Media Guidance document to provide the community with further information on how to engage appropriately online.

2. The Policy outlines:

- The social media channels managed by the members
- How LIKC manages its social media channels and who is responsible
- The principles that follow in monitoring all channels
- Reporting procedures to follow if any abusive or illegal content or activity has been identified by LIKC members, Motorsport UK or community members

Our team closely moderates our online community across all digital platforms and ensure the interaction and engagement on our social media channels are in line with our policy.

3. Club Owned Social Media

LIKC do not operate their own official social media platform. However, by association they will be active on third party social networking sites which are known to engage with young people and vulnerable adults, as follows:

Facebook:

- Lydd Kart Circuit: <https://www.facebook.com/lydd.kartcircuit>

The LIKC is also aware of other unofficial social media sites that may comment on activities of the Club and its members. The Officers of the Club will also monitor these as they become aware of them.
